Focus on: DARFUR

*The struggle for peace and
human rights in the Sudan*

*DARFUR (Land of the Fur) is an
arid, impoverished region of
Western Sudan.*

THE CALL TO SOCIAL JUSTICE

Truly I tell you, just as you did it to one of the least of these who are members of my family, you did it to me.

- The Gospel of St. Matthew, 25:40, NRSV

Social justice is a concept that some use to describe the movement towards a socially just world. In this context, social justice is based on the concepts of human rights and equality.¹

We are called as corporate members of the Body of Christ to engage in God's mission for the Church. Our call to action in accomplishing the Church's mission involves prayer and worship, proclaiming the Gospel and promoting justice, peace and love.

To whom are we to look to help guide us in carrying out this mission? We have only to look at the words and actions of Our Lord and Savior, Jesus Christ. The servant ministry of Jesus is the core of the mission of social justice. We are reminded of Jesus' encounter with the Samaritan woman at the well. It is the gift of the "living water" which compels us to recognize the sanctity of human life. We are called to speak with compassion and love for those who have no voice: the vulnerable, the oppressed, the sick and the poor.

WHY DARFUR?

HISTORY

A long and complicated history has characterized the region, often tinged with overtones of ethnic cleansing. Specifically, Darfur has faced decades of graphic violence over land and grazing rights between mostly nomadic Arabs and native Darfuri farmers. The Darfuri farmers have always been subject to attacks by nomadic Arabs.

The current conflict resurged when rebel groups (e.g., The Darfur Liberation Front), angered over the lack of response from the Sudanese government, attacked government targets. A brutal pattern of violence, repression and gross human rights abuses by the Sudanese government and its allied militia, the Jangawid, has been inflicted on the people of Darfur.

IMPACT

- 300,000 men, women, and children have died
- 2.6 million have been displaced from their homes and live in camps for refugees or Internally Displaced People (IDPs) or wherever they can
- Unknown numbers of women and girls have been abducted, raped, and otherwise abused
- A generation of children has reached school-age not knowing a home or having been educated
- A growing number of child-soldiers are participating in the abuse

WHAT CAN I DO?

PERSONAL RESPONSIBILITY

Will you strive for justice and peace among all people? I will, with God's help.
